RETHINK EFFICIENCY

Giving Shape to Ideas

SMART FACTORY PRINTING

In today's fast-paced enterprises, simple operability and high-quality performance are preconditions to achieving maximum efficiency and completing all office work quickly and without fuss. At the same time, the full integration with cloud services should provide the right processes at the right time to build more convenient workflows. The AccurioPrint 950i offers all this and more. On top, it is equipped with the latest security technology to ensure a reliably safe user environment.

Grow your business

We place great importance on empowering you to grow your business with our solutions. For instance, the two monochrome devices help enhance diversity with its extensive variety of supported media, from thin to thick paper (up to 300 g/m²). They also process envelopes and prints on long sheets of up to 1200 mm in simplex.

Maximise your investment

We want to make sure that you get the most out of your AccurioPrint – that's why we have changed the user interface and made it entirely customisable for your convenience. Combine your printing system with various inline finishing capabilities and produce more than ever, with idle times kept to a minimum.

Improve customer loyalty

Equipped with an innovative media sensor, the devices automatically detect paper type and weight, then reliably apply the right settings – which guarantees an optimised output quality. The sensor also detects envelopes, saving time and minimizing the need for operator intervention. A new paper cabinet allows mixed-size paper loading, further enhancing user convenience.

THE ULTIMATE IN DIGITAL CONNECTIVITY

RETHINK TECHNOLOGY

Achieving a level of durability and build solidity never before seen on an entry-level production printer, the AccurioPrint 950i has been designed to perform and is built to last. Outstanding print stability is achieved thanks to multiple improvements to basic functionality. The i-Series' signature stylish and simple look is married with the ultimate in digital connectivity to create an office environment that supports your work from page one to page infinity.

Intuitive operability

Operate the AccurioPrint like a smartphone or tablet with fully customized user interface.

Productivity

Reliable, high-speed scanning and printing, combined with powerful finishing functions.

Security

Secure network integration, data encryption, hard drive overwrite, and advanced user authentication.

Mobile connectivity

Print anytime from anywhere with Konica Minolta's innovative mobile technologies.

TAKE LEADERSHIP AND RESPONSIBILITY

RETHINK TOMORROW'S BUSINESS

MADE FOR YOUR BUSINESS

The AccurioPrint 950i is designed to provide the functionality of a small-scale print shop, all combined into a single unit suitable for an office space. This makes it ideal for a wide range of offices, government, legal, education, membership organisations and healthcare. As an AccurioPrint solution, the 950i offers an entirely digitised workspace, providing smooth workflow and managed content services that make it the ideal choice for a broad range of situations.

DESIGNED FOR OUR PLANET

Konica Minolta promotes sustainable development and integrates environmental and social perspectives into its business strategies. You can rely on Konica Minolta products to underpin your green strategy to build your business.

Committed to help prevent global warming, Konica Minolta strives to reduce CO₂ emissions during product manufacture, product distribution, at the sales stage, and during product use – with even stricter targets than demanded by the Kyoto Protocol. Enabling carbon neutrality, Konica Minolta offers its customers the offset of unavoidable CO₂ emissions for production printing. Together with the experts from Climate Partner, Konica Minolta proposes a new and profound eco concept for our professional production presses.

About Konica Minolta Business Solutions Asia

Konica Minolta’s journey started more than 150 years ago, with a vision to see and do things differently. We innovate for the good of society and the world. The same purpose that kept us moving then, keeps us moving now.

Konica Minolta Business Solutions Asia, based in Singapore, is a wholly owned subsidiary of Konica Minolta Inc., Tokyo, Japan. With its unique expertise in imaging, data processing and data-based decision making, Konica Minolta creates relevant solutions for its customers - small and medium-sized businesses, large enterprises and public sector - and solves issues faced by society.

Konica Minolta’s Igniting Print Possibilities offering helps printers, converters and brand owners maximise workflow automation to increase efficiency. The company delivers consultancy in all communication matters as well as top-of-the-line production, packaging as well as label printers. Its finishing devices create print products that stand out and create added value. Konica Minolta has established itself as the production printing market leader for more than a decade.

The company has been repeatedly recognised for its rich history of social contribution as well as for working towards achieving the SDGs throughout its business and supply chain. Konica Minolta is listed among “2023 Global 100 Most Sustainable Corporations in the World” and received a GOLD Level Recognition Medal in the EcoVadis sustainability ratings for 2023.

Worldwide, the company has over 39,000 employees and is operating in over 150 countries.
